

TYANDAGA
HEIGHTS ON THE PARK

YOUR GREENPRINT FOR A SUSTAINABLE FUTURE

NATIONAL IS COMMITTED TO DOING OUR PART TO HELP MAKE THE WORLD A BETTER PLACE. THAT'S WHY WE INCORPORATE SO MANY GREEN FEATURES AND PRACTICES IN THE BUILDING OF OUR HOMES.

FROM ENVIRONMENTALLY-FRIENDLY MATERIALS, TO BRIGHT IDEAS THAT CAN REDUCE ENERGY CONSUMPTION, YOU CAN FEEL GOOD KNOWING THAT CHOOSING NATIONAL IS PART OF THE SOLUTION.

Quartz countertops preserve natural resources as a man-made material

SOME SUSTAINABLE FEATURES THAT ARE AVAILABLE AT TYANDAGA HEIGHTS:

- Programmable thermostats
- Hardwood floors that comply with standards to ensure minimum environmental impact, with low-VOC finishes
- Quartz countertops, which preserve natural resources through their nature as a man-made resource—a good substitute for natural stone
- Drain water heat recovery pipes – a double-walled heat exchanger that captures the heat from your shower wastewater, reducing your water heating costs
- Low-flow bathroom faucets
- ERV (Energy Recovery Ventilator) or HRV (Heat Recovery Ventilator)
- Low-flow shower heads
- Low-VOC paints

PANERGY
WALL SOLUTIONS

INTERESTED IN SAVING UP TO 15% ON YOUR ENERGY BILLS? WE HAVE THE SOLUTION!

National offers a breakthrough alternative to inefficient old school construction with revolutionary Panergy Wall Systems that reduce CO2 emissions by three times and cut your energy costs by up to 15%! This pre-fabricated building envelope delivers superior fire, acoustical and thermal performance; better moisture protection with improved durability, increased energy efficiency, less construction waste plus easier and faster build times.

A select few townhomes at Tyandaga Heights on the Park will be constructed using Panergy Wall Solutions.

To learn more, review the [Panergy Brochure](#).
